## Summary

I'm not only an enthusiastic but a dedicated and passionate individual with a profound interest in the realms of Data Science Technologies, DevOps practices, Git and GitHub workflows, AWS cloud services, containerization with Docker and Kubernetes, and proficiency in both JavaScript and Python Technologies.

## Experience

### Campus Ambassador

DevTown

Feb 2021 - Present (2 years 11 months)

I am thrilled to work with the DevTown team as a Campus Ambassador of Kenyatta University and always help to spread awareness about DevTown Events, Achievements, Bootcamps, and many more among my peers and to the wider students' community globally.
